

DEPENDABLE QUALITY & CONSISTENCY

introducing the
**WIDER1A
and WIDER2A**

For over 23 years Anest Iwata has been perfecting automatic spray guns using expertise and experience. We are upgrading the W models to the Wider Series that will continue to provide the dependable quality and consistency you have come to expect while offering an improved ease of maintenance and more controlled output.

ANEST IWATA automatic spray guns are suitable for any production environment, reciprocators or robotic coating applications.

- Tool-less access to the piston assembly
- More linear pattern adjustment capabilities
- Redesigned fluid and air inlet for simpler connection
- Excellent atomization for flawless finishes
- Stainless steel fluid passages are suitable for waterborne and solvent based materials
- Various nozzle options are available to achieve desired spray pattern
- Improved adjustment knobs operate with a smoother action
- Air cap can be quickly detached in half the time for cleaning and maintenance.
- Air valve seat set doesn't need a special adjustment tool, so you can make changes on the spot.

ORDERING INFORMATION

WIDER1A

ITEM NO.	MODEL	NOZZLE MM
5606W	WIDER1A-08E2P	0.8
5607W	WIDER1A-10E2P	1.0
5438W	WIDER1A-10E1	1.0
5440W	WIDER1A-13H2	1.3
5441W	WIDER1A-15H2	1.5
5439W	WIDER1A-05R	0.5

WIDER2A

ITEM NO.	MODEL	NOZZLE MM
5605W	WIDER2A-12G2P	1.2
5610W	WIDER2A-15K2	1.5
5615W	WIDER2A-20R2	2.0
5620W	WIDER2A-25W1	2.5
